2nd October, 2023.

RE: Recommendation Augustus Ikwuegbuenyi

To Whom it May Concern,

It is with delight that I am writing this personal recommendation for my learner, Augustus.

Since the inception of his engagement with our Software Engineering program which is conducted remotely, Augustus has shown great performance, not only in the projects he has completed with success but also in collaborating with his peers whilst doing so.

Augustus possesses an excellent analytical mind required in the field of (software) engineering and he has shown grit, passion and perseverance while doing the program.

I highly recommend Augustus, confident that he will bring the same drive and dedication to your organization as he has shown in the Software Engineering program.

Please contact me at the email or phone number listed here if there is any other information I can provide.

Sincerely,

Cole Baidoo
Software Engineer and Mentor
